QL-500 (3300 lb. WLL)

1/2″ QUICKLINK

QUICK LINK

QuickLinks join two closed-end items together, such as wire rope assemblies, turnbuckles and eyebolts quickly and easily. They offer significant working loads for their size and serve as convenient coupling device. Because its side locking turn style has the potential to loosen over time, apply threaded lock when installing for overhead use.

KEY FEATURES:

- Strong light weight
- Installs quickly

OPTIONAL ACCESSORIES

- Thread Lock .5 ml
